I. High Seas Drift Net Enforcement

On May 30, a Canadian CP-140 patrol aircraft detected a HSDN profile vessel in position 33N, 158E. Vessel did not display name, radio call sign or flag. Subsequent flights were unable to relocate the vessel. No additional suspicious activity has been detected for the reporting period. CG C-130's conducted 8 sorties for a total of 64.5 hours during the reporting period.

II. US/Russian Maritime Boundary Line (MBL) Enforcement

Figures 2-7 provide plots of foreign fishing vessel activity along the MBL, along with information regarding sightings and incursions. For the reporting period, the following details apply:

- Coast Guard C130's flew 44 sorties totaling 313 hours
- Coast Guard HEC/MECs spent 76 days patrolling the line
- 20 vessels were visually confirmed, and one radar contact was suspected to be fishing in US waters. The Coast Guard boarded six of these vessels
- 4 vessels were seized
- 2 vessels were given a verbal warning
- 8 eight case packages were referred to RS FBS
- 8 vessels were not pursued due to lack of ships or weather

On July 31, CGC ACUSHNET detected FF/V SPITAK (RS) fishing 800 yards inside the US EEZ. Although the vessel hauled back in RS waters, it complied with CG orders to return to US EEZ for boarding. SPITAK was seized, taken to Dutch Harbor and subsequently released after paying \$186K in fines and custody costs. Vessel had 150 lbs. of pollock on board.

On August 13, a CG C-130 detected five FF/V's actively fishing inside the US EEZ. Because of the depth of its incursion, 1200 yards, FF/V MING CHANG (PRC) was pursued and refused to stop. Hot pursuit was handed to CGC HAMILTON. It subsequently stopped for Russian patrol vessel ARGAL; a joint boarding was conducted with CGC HAMILTON. After assessing an \$15K fine RS authorities released the vessel to the CG. Vessel was seized, taken to Dutch Harbor, and released after posting a \$1.5M bond. The US Attorney General Office is proceeding with a forfeiture action.

On September 5, CGC ALEX HALEY detected by radar the FF/V KUM KANG SAN (KS) 1000 yards inside of the US EEZ. Shortly thereafter, KUM KANG SAN was visually observed with its nets deployed. After a second radio attempt, the vessel hauled its nets. KUM KANG SAN was seized, taken to Dutch Harbor where a case package was submitted to NMFS. The vessel settled for \$300K.

On September 23, a CG C-130 detected FF/V ORCHID (KS) actively fishing 600 yards inside the US EEZ. Hot pursuit was handed to CGC JARVIS. CG subsequently conducted a joint boarding with FBS vsI ASKOLD PYNKO, which had imposed a \$18K fine on the vessel for its incursion into RS Forbidden Zone. CG then seized ORCHID and took vessel to Dutch Harbor. Case pends.

Figures 2-5 provide plots of peak days of activity on MBL per month by C-130's.

*Figure 7 shows the maximum number of detections found on one C-130 flight in a month.

III. Donut Hole

Three foreign vessels conducted trial fishing in the Donut Hole during the period, one vessel from Poland and two vessels from the Republic of China. Coast Guard did not board these vessels nor did we receive any information regarding fishing results. There are no vessels scheduled to conduct trial fishing for the remainder of the year.

IV. Dixon Entrance Enforcement

Coast Guard enforcement efforts consisted of 94 patrol boat days and 18 HH-60J sorties from Air Station Sitka totaling 80 hours. A Canadian charter vessel operating in US waters without proper ADF&G documentation was referred to the State of Alaska.

V. IFQ At-Sea/Dockside Enforcement

There were no significant violations detected during the reporting period. 73 cutter days and 65 helo sorties totaling 251.6 hours from Kodiak and Sitka were flown in support of IFQ for the reporting period. Coast Guard effort consisted of the following:

- 41 IFQ at sea boardings (156 boardings year to date)
- 56 dockside offloads (148 dockside offloads year to date)
- 581 surveillance hours (980 hours year to date)

2000 MARITIME BOUNDARY ACTIVITY

27 Jun CGC Alex Haley detected the **FF/V KAPITAN DEMIDENKO(RS)** 400 yards inside the US EEZ. A second incursion of 600 yards occurred in fog approximately 5 hrs later. Both times the CGC Alex Haley was unable to confirm that the nets were deployed. CGC Alex Haley advised FFV Kapitan Demidenko of intent to provide evidence of incursion to Russian authorities and prosecute pending reentry of vsl into US EEZ. Info passed to FBS.

04 Jul CGC ALEX HALEY detected the **FF/V KAI FA(PRC)** 800 yards inside the US EEZ. There was insufficient evidence available to support a seizure. D17 reviewed position information and determined there was too much uncertainty as to the magnitude of the depth of the incursion. Evidence passed to Russian Federal Boarder Guard for further prosecution. Info passed to FBS and PRC authorities.

28 Jul A C-130 patrol detected and videotaped **FF/V AERONAVT(RS)** 1000 yards inside the US EEZ. Fishing gear was observed on deck. AERONAVT did not respond to Ch 16 calls. C-130 subsequently detected the **FF/V MING ZHU (PRC)** fishing 200 yards inside of the EEZ. Vessel immediately returned to the RS EEZ. Cutter was not available to continue hot pursuit.

31 Jul CGC ACUSHNET detected the **FF/V SPITAK (RS)** fishing 800 yards inside the US EEZ and commenced hot pursuit. SPITAK complied with orders to stop, recovered nets within RS EEZ, but returned to US EEZ for boarding. There were no fish in the nets and 150 lbs of fish on board. CGC ACUSHNET seized the SPITAK and escorted her to Dutch Harbor. SPITAK settled for \$186K and was released

02 Aug A C-130 detected **FF/V EKARMA-1 (RS)** fishing 300 yards inside the US EEZ. The vessel did not respond to hails and returned to the RS EEZ. Advised vsl of intent to provide evidence of incursion to Russian authorities and prosecute pending reentry of vsl into US EEZ. Info passed to Russian FBS.

12 Aug Helo from CGC HAMILTON detected **FF/V AERONAVT (RS)** fishing about 100 yards inside of our EEZ. It quickly returned to the Russian EEZ prior to being able to establish hot pursuit. Later that day C-130 detected five **FF/V's** actively fishing inside the US EEZ. Deepest incursion was the **FF/V MING CHANG (PRC)** fishing 1200 yards inside US EEZ. C-130 initiated and maintained hot pursuit until relieved by CGC Hamilton. **FF/V MING CHANG** refused boarding. D17 coordinated joint boarding with FBS officials from the Russian patrol vessel ARGAL. FBS issued \$15K fine for violation of the 1.5 nm buffer zone and turned the vessel over to US for seizure. It was subsequently escorted to Dutch Harbor. **FF/V MING CHANG** posted a \$1.5 million dollar bond, case pends. There was 375 metric tons of processed pollock on board.

18 Aug CGC ALEX HALEY detected the **FF/V RYUHO MARU 51(JA)** fishing 700 yards inside the US EEZ. A boarding discovered outdated MBL coordinates. The vessel was issued a warning and released for insufficient evidence.

24 Aug CGC Alex Haley detected the **FF/V EKARMA-3 (RS)** fishing 1060 yards inside the US EEZ. Hot pursuit was terminated due to on scene weather conditions. . Advised vsl of intent to provide evidence of incursion to Russian authorities and prosecute pending reentry of vsl into US EEZ. Info passed to FBS.

31 Aug CGC Hamilton detected the **FF/V EKARMA-1 (RS)** fishing 300 yards inside the US EEZ. Low visibility and fleet density prevented ability to establish hot pursuit. Later, CGC HAMILTON detected the **FF/V EKARMA-3 (RS)** 500 yards inside the US EEZ. CGC HAMILTON was not able to establish hot pursuit prior to the vessel crossing back into the RS EEZ. Info passed to FBS.

05 Sep CGC Alex Haley detected the **FF/V KUM KANG SAN (KS)** fishing 1000 yards inside the US EEZ . The vessel was visually observed with nets in the water, but had no product on board. The vessel was seized and escorted to Dutch Harbor. The vessel settled for \$300K.

12 Sep A C-130 detected the **FF/V AERONAVT (RS)** fishing 200 yards inside the US EEZ. Attempts at hailing the AERONAVT on CH 16 were unsuccessful. The vessel returned to the RS EEZ; no cutter on scene to respond. Advised vsl of intent to provide evidence of incursion to Russian authorities and prosecute pending reentry of vsl into US EEZ. Info passed to FBS.

14 Sep A C-130 detected the **FF/V KIROVO (RS)** fishing 1400 yards inside of the US EEZ. Upon being sighted, vessel recovered nets and returned to RS EEZ. Advised vsl of intent to provide evidence of incursion to Russian authorities and prosecute pending reentry of vsl into US EEZ. Info passed to FBS.

21 Sep CGC JARVIS detected the **FF/V GEMINI (RS)** fishing 1000 yards inside the US EEZ. CGC JARVIS initiated hot pursuit and pursued vessel into RS EEZ. Vessel refused to stop. D17 coordinated with FBS vessel ASKOLD PYNKO to conduct joint boarding. FBS issued \$86K fine and removed vessel from MBL.

23 Sep A C-130 detected **FF/V ORCHID (KS)** fishing 600 yards inside the US EEZ. Hot pursuit was initiated and handed off to CGC JARVIS. ORCHID refused to stop. D17 coordinated with FBS vessel ASKOLD PYNKO to conduct joint boarding. FBS issued \$18K fine for violation of buffer zone and released to CG. CG seized the Orchid and escorted to Dutch Harbor. Case pends.
